

MAISON DE
JULIETTE

It all started with a dream

Long ago, there lived a Provencal girl who dreamed of faraway places beyond the landscapes of the Côte d'Azur and Camargue plains. She wrote down traditional French recipes with innovative twists and the beginnings of a dreamy restaurant in an exotic land. With a desire to share her Provencal heritage with the new world, Juliette arrived in Dubai. Bringing the art de vivre to the glistening city, she created a space that's an extension of her personality — charming, modern and contemporary.
